After being runners-up for the past two years, the Champion rink of Marie Stephenson, Doreen Holm, Edith Warren and Jean Fath, finally won top honors at the Vulcan Ladies' Bonspiel when they took the First Event final

Second Event honors went to the four sisters rink of E. Steiner, Clara Love, Hilda Stier and Lena Brown with a win over Irma Middleton's rink of Kathy Jordan, Betty Hagg and Lillian Deal. Third spot went to another Vulcan rink of Bea Richardson, Gwen Graham, Nora Campbell Shirley Walker and fourth to the Davey rink from Champion.

The Third Event was won by the Vulcan foursome of Bonnie Watson, Shirley Gatenby, Mildred Bagozzi and Rita Scott, when they defeated the Rossier rink of Lethbridge in the final. Third place went to the Donna Armstrong rink of Milo and fourth spot to the Brown rink from Gleichen.

The High School District 6 winners from OCHS of Bob Letal, Richard McNiven, Bill Horne and Tom Green leave this Thursday, Jan. 26 for the Southern Alberta Playoffs in Lethbridge.

R. W. (BERT) HANLEY

day after a banking career that started in Ontario and covered seven branches in Manitoba and three in Alberta.

Mr. Hanley and his wife, Olive, will leave Vulcan to retire at Penitton, B.C., where, as Bert says, he will enjoy lots of golf and lots of warm weather.

Mr. Hanley entered the bank's service at Emo, Ont., at the early age of 16. He served in Manitoba branches at Arborg, Carman, Foxwarren and Swan River before being moved to Winnipeg, where he was in the main office for two years, at the Portage and Garry branch for 14 years and accountant at the Princess and William branch for seven years.

In 1955 he was appointed manager at the Gleichen, Alta. branch, moving to Champion as manager in 1958 and to Vulcan in 1961.

Mr. and Mrs. Hanley have three daughters: Elaine (Mrs. Lawson), Winnipeg; Roberta (Mrs. Stetter), Regina; and Joan (Mrs. Ascroft), Lethbridge.

During Bert's residence in Vulcan he has been an active member of the Lions Club, treasurer of the Vulcan Golf & Country Club, a member of the Vulcan Masonic Lodge and local chairman of the Canadian Red Cross Society.

New manager of the Vulcan branch of the Canadian Imperial Bank of Commerce will be J. B. Kerr, who is presently manager of the Stony Plain Road branch at Jasper Place, Edmonton.

Teleshaw For Milo Residents Next Tuesday

Residents of Milo and district will have the opportunity to see some of the most modern telephones available today, together with a display of valuable antique telephone sets at the Alberta Government Telephones "Teleshaw" scheduled for the Milo Community Hall on Tuesday, Jan. 31, 1967.

The display is part of the free film and stage presentation sponsored by AGT to familiarize residents with the new equipment being installed prior to the town's conversion to dial telephones and Direct Distance Dialing, which will come into effect on Sunday, Feb. 5, 1967.

The two-hour Teleshaw program begins at 7:30 p.m. and will include demonstrations of telephone techniques by AGT representatives from Rural, Traffic and Public Relations Departments.

Illness Takes Its Toll

Illness has continued to take its toll of the County teaching staff and Superintendent E. F. Bardock has been hard pressed to find replacements.

During the past week Mrs. L. Norton was engaged to replace Mrs. K. Ingraham at Arrowwood, Mrs. M. Todd to replace Mrs. I. Smith at Champion, Mrs. M. Carlson to replace Mrs. E. Bloxham at Champion and Mrs. N. Boos to replace Mrs. A. Thurber at Mossleigh.

Earlier in January A. Johnson was transferred to the courses taught by his wife and D. Hanson was returned to staff to replace Mrs. Johnson who resigned because of ill health.

The seriousness of the extent of teacher turnover in the county is evident in that this brings the number of staff changes to 52 out of a total staff of 100. Acting under the authorization of the School Committee, Mr. Bardock has already begun his recruiting program for 1967-68. In his report to the School Committee Mr. Bardock stated that there was a shortage of approximately 236 teachers in the province and that many classrooms were either closed or on correspondence courses. Expectations are that recruitment will be even more severe this year.

Los Angeles Holiday For Richardsons

Success in a Cockshutt sales contest last year has resulted in an expense-paid holiday in a warmer climate for the Richardson brothers of Richardson & Gould Ltd., and their wives.

Mr. and Mrs. Bill Richardson, Mr. and Mrs. Lawrence and Mr. and Mrs. George Richardson leave Calgary Thursday of this week by charter jet for Los Angeles for a fully expense-paid holiday hosted by the Cockshutt company. They plan to be away ten days.

SIDE EFFECTS!

Two elderly women were trying to outdo each other in discussing their ailments and medications. Finally one announced triumphantly, "I'm taking a pill that has nothing but side effects!"

Publisher Off For Preview Of Expo '67

Publisher R. C. R. (Bob) Munro of the Advocate and Mrs. Munro left by Air Canada on Wednesday of this week for Montreal, where they will have a preview of the site and buildings of Expo '67 and attend functions at which Expo '67 plans will be outlined.

Mr. Munro is attending as one of a group of several Alberta editor-publishers, with trip expenses paid by Expo.

Dan McNiven New President

Trophy Hunters Get Rewards; Alta. President Brings Warning

The boys talked guns, game, but no girls the other night. A lot of "lead" was slung, the truth was stretched but no one was hurt and the first exclusive Trophy Night of the Vulcan and District Fish and Game Association was declared a success.

Held last Saturday night at the Vulcan Lodge Hall, a crowd of about eighty men, women and children of the outdoor sporting world, heard two interesting speakers, saw two excellent color films and saw 11 members receive trophies and 11 more members receive free memberships as runners-up to the winners.

Joe Balla of Lethbridge, Alberta Fish and Game President and Paul Presidente, Provincial Hunter-training officer, were special guests and introduced by Carl Nelson, program convener. They presented trophies to the following: (second place winner is in brackets) Antelope, Gilbert Hones, Lomond, 75 6/8 pts.; (Robert Hutton) 72 6/8 pts.; Big Horn Sheep, Roger Jensen, 165 7/8; (Lloyd Armstrong) 139 3/8; Duck, Allan Gerke 3 lbs, 12 oz.; (G. Bartsch) 3 lbs, 7 oz.; Goose, Ken Reid, 14 lbs, 5 oz.; (Allan Gerke) 11 lbs; Mule Deer, E. K. Brown, 181 6/8 pts.; (Oliver Hart) 173; Lake Trout, Gordon Bell, 7 lbs, 3 oz.; (Pete Thachik) 5 lbs, 10 oz.; Pheasant, Cleo Schmidt, Peter Degenstein (tied) 67½ pts.; (Harry Stoddard) 67 pts.; Pike,

Alvin Godkin, 11 lbs, 4 oz.; (Mary Wyllie) 6 lbs, 4 oz.

Absent at the time, Merle Smith's name was called out as last year's winner of a special trophy on which is the posterior of an animal. Apparently only close hunting friends know cause for this distinction.

In his remarks President Joe Balla outlined some of the causes being promoted or fought for by Alberta Fish and Game and important among these was the proposed legislation requiring licensing of all firearms, and raising to 16 from 14, the age limit when youngsters may handle guns.

Alberta Fish and Game Association is emphatically against this legislation, said Mr. Balla and is fighting it with the strongest presentations possible. He felt the whole problem of enforced registration of all firearms has been brought about by the assassination of U.S. President Kennedy and by shootings in Quebec and Ontario "Where there is a problem," and emotions are dictating people's minds rather than quiet reasoning.

Keeping all boys under 16 away from guns under the premise that it's against the law and that guns are associated with crime, is only going to develop an unhealthy attitude and approach to guns, by the boy. Mr. Balla assured those present that most boys, when they reach their teens are going to get interested in guns and their best

introduction to guns and their care and safety is from their father or a responsible adult.

The speaker felt Fish and Game plays an important part in keeping channels of communication open between farmers and hunters, otherwise the country would be such more heavily stalked out with "No Shooting" signs. Another important medium of communication is from Fish and Game to Government Wildlife officers and to the government itself, whether federal or provincial.

Speaking on the Hunter-training program, Paul Presidente said 58 instructors' courses had been run with 725 graduates now able to take on classes. Much credit for this progress, he said, must go to Fish & Game Organizations in Alberta who are mainly responsible for their promotion.

At the conclusion of the evening local Past-president John Andrews passed the gavel of office over to President Dan McNiven who in turn presented John with a hunting knife as a memento of his work with the group. Jerry Steiner is new vice-president and Blaine Middleton is 2nd vice-president. Mildred Marshman remains as secretary and will remain in that position. For her work in a past years she was given a set of breakfast ware.

Gordon Bell won a hatchet as a door prize while Larry Umschied took home an elk whistle as winner of another draw.

WE'RE HERE. As motorists travelling into and out of Vulcan have known for months, the town has a new highway sign, located a few hundred yards north of the junction. It's a cold, snowy scene now but in season the sign looks upon the line of elevators, which give the town its reason for being, and beyond, over vast fields of

prime farm land and in the distance to the jagged skyline of the Rockies.

Under the heading, "Wheat" is the following data: "The Town of Vulcan has the greatest grain storage capacity in its 12 elevators, each with annexes, of any primary grain shipping point in Canada. The gross capacity of the

elevators is 2,056,500 bushels. They handle spring wheat, barley and flax, which are the principal grains grown in the district. Average farm is approximately 720 acres in size. Vulcan, with a population of 1640 is a service and administration centre serving a trading area of some 8,000 people."

The idea of a highway sign was first brought up by the Vulcan Lions Club some years ago and since that time the Vulcan District Chamber of Commerce has taken the project over and made government officials aware of its need.

Advantages Seen

Semester System May Be Tried In County Schools

School Superintendent E. F. Bardock, who has been studying the semester system of operation of high schools for the past three months has presented a preliminary report to the School Committee. The proposed would divide the high school year into two five-month sessions with examinations in January and June. Mr. Husby, Mr. Jantzie and the members of the County Central High School staff have been very active in considering the implications of the new system. One of the major advantages that they have reported is that the system will probably broaden the choice of subjects that students will have an opportunity to study. Other major advantages of the semester system appear to be:

- 1) Less loss of time in daily review.
- 2) A greater sense of urgency which seems to promote a more sustained effort by the students than is the case when the ten-month schedule is used.
- 3) There appears to be better concentration on the part of the students in the three subjects taken than is the case with six subjects.
- 4) Less time is required to complete high school if the student is deficient in only one or two subjects.
- 5) The student has an opportunity to try a difficult subject again without a time lapse between efforts.

Some of the disadvantages appear to be:

- 1) Attendance at school is very important. Students will not be allowed to have harvest leave as almost a month's work will be covered in the two-week period.
- 2) Class loads will have to be reduced so that the teachers can keep in closer touch with the individual student.
- 3) More staff may be required.

As a result of Mr. Bardock's report, the School Committee endorsed continued study of the semester system with a view to its possible implementation in the County in 1967-68. The final report with recommendations for the School Committee to consider, will be presented at the March meeting.

Lomond Recreation Bylaw Goes To Vote Feb. 18

County of Vulcan ratepayers who own property in Division 6 of the County will vote Saturday, Feb. 18, on By-law 577. Approval of the by-law would allow the establishment of a recreation area in Division 6 and authorize an agreement between the County of the Vulcan and the Village of Lomond for joint recreation programs and a joint recreation board. A special tax of one mill would be levied on all rateable property within Electoral Division 6 for the purpose of the joint recreation program.

On such a by-law, a petition signed by at least ten percent of the proprietary electors of the area, asking for a vote, must be received within 30 days of the notice that the by-law has been introduced or the by-law can be passed without a vote. Such a petition was received in proper form and the vote on Feb. 18 will decide the matter.

It should be noted that only proprietary electors may vote on the by-law — those whose names appear on the tax roll of the County of Vulcan and own property in Electoral Division 6 of the county.

end of January where Lloyd will resume work at the university and the girls will commence the second semester.

Kinsmen Out For Revenge

In hopes of creating winter sports activity in town and developing the project to the stage where money may be realized for the Recreation Centre, Vulcan Kinsmen have put together a broom-ball team and last Sunday night, took on the CKXL and CPA Jets, from Calgary.

Plummeting thermometers Sunday left the arena with almost equal numbers of supporters from Calgary and Vulcan and in break-out two lights during the game Kinsmen fear they may have gone in the hole financially. However the entertainment value of the game seems to hold promise and the Kinsmen are hot for a return engagement (they lost this one 4-2) and plan on a couple of warm-up bouts with local adversaries.

Before the opening period was over the locals were protesting to referee Ed Miller of the Kinsmen Club of Calgary and Ray Moore of the local club about Calgary tactics... playing position and passing the ball instead of the old time-honored swat and chase style. Although they trailed throughout, Vulcan was not without its scoring opportunities. Bob Petrosky got a clear break on goal but guiding the ball with his broom he stubbed it with his size 11½'s and veered it beyond reach. Another Vulcan Kinsmen found himself in front of the opposing goal with the ball only to also find his broomstick broken.

According to a release from the Kinsmen Club of Vulcan following the game the score was (Continued On Page 7)

HOTEL OPENS. Canada's newest and tallest hotel, Canadian Pacific's \$25 million Le Chateau Champlain in Montreal, has opened its doors to the public. Highlight of official ceremonies in mid-January was a spectacular half-hour fireworks display seen here.

The 38-storey, 600-room structure is part of a \$10 million hotel and office building complex in downtown Montreal known as Place du Canada.

School may be purchased from Mrs. Henry Huff, Mrs. Leonard Soknitne or Miss Jill Brand.

Mr. Bardock, Superintendent of Vulcan County schools, was the guest speaker. He covered a wide area of curriculum—telling us of changes in the curriculum and text books and of those who are responsible for this. He said there was a tremendous change in curriculum, especially at the junior and high school level, and that there was no doubt but that the grade twelve course was becoming increasingly difficult. He felt that a semester system would be extremely profitable for schools such as Lomond and Milo. He answered many questions on such subjects as opportunity classes, vocational schools, Junior colleges, teacher shortage and re-organizing elementary schools in the county.

Those present enjoyed Mr. Bardock's talk and gained knowledgeable facts through it, from the local school level to county and Provincial levels.

ERDMAN-LEVER

Newlyweds Living At Willowdale, Ont.

On August 20, 1966, St. Mary's Catholic Church at Champion was the scene of the exchange of wedding vows between Carla Lever, eldest daughter of Mr. and Mrs. Angelo Lever of Champion and Douglas Erdman, eldest son of Mr. and Mrs. Alfred Erdman of Barons.

Father MacCallum officiated at the ceremony which was attended by 120 friends and relatives from throughout Alberta. The organist was Mrs. Margaret Hunzinger of Champion.

The bride wore an empire-style floor-length gown of antique satin and carried a bouquet of red roses. She was attended by her sister, Rita, and friend Eda Lever from

Vulcan. They both wore floor-length gowns made of blue peau de elegance. Their headpieces were flowers made of the same material and they carried bouquets of pink carnations.

The groom was attended by Donald Hansen and Denny Johnson, both from Edmonton. The ushers were Allen de Valois of Barons and Greg Lever, brother of the bride.

The mother of the bride chose a beige lace dress complemented with pink carnations and the groom's mother was also attired in beige with a corsage of yellow roses.

The bride and bridegroom, during the ceremony, were presented with a document of the Pope's

benediction sent from Italy by a cousin of the bride.

The hall, decorated in blue and white by the bride's sister, assisted by Doreen and Noreen Ohlheimer, was the scene of a lovely reception catered to by the Champion CWL. The headtable centre-piece was a three-tiered cake which had been beautifully decorated by Mrs. Raema Nelson of Champion. The master of ceremonies at the reception was Ernest Nowlin of Champion, who also gave the toast to the bride.

For going away the bride chose a green two-piece suit with brown accessories. The happy couple are now living in Willowdale, Ont., where the groom is attending university.

SHORT COURSES AT LOMOND, VULCAN AND ARROWWOOD

The dates of the Agricultural Short Courses are: Lomond—Feb. 6; Vulcan—Feb. 7; and Arrowwood—Feb. 8 and 9th.

The program for the Lomond Short Course covers a wide range from Fertilizers and Soils to What you Can Pay for Land. Fertilizers and Soils should be very interesting as there has been considerable new information the past year or two. Much of this information has been researched at the Research Station at Lethbridge. Urban Pittman, a Soils Researcher from the Research Station will be our speaker on this subject. Last year Mr. Pittman covered this subject as Summer Fallow Folly at the Arrowwood Short Course and was very interesting. Also on the program is Dr. Sumption who will speak on Cross-breeding in Range Conditions.

At the Vulcan Short Course, the morning will be taken up with a detailed discussion of Landscaping Rural and Urban Homes and grounds. This should be of interest to the ladies as well so be sure to bring your wire. There will be a ladies program in the afternoon while the men's program continues with Dr. Gordon Burton to speak on the County of Vulcan Farm Cost Study. This will be followed by a sessions on Nitrate Problems and Feed Testing.

The Arrowwood Short Course will again be a two day affair covering a wide range of subjects. Mineral and Surface Rights; Fertilizer Use and Chemicals and Weed Control will be some features of the first day's program. The second day Estate and Insurance with Jerry Jones will be on the morning along with Gardening Under Glass by G. Harrison of the Olds Agricultural and Vocational College.

All three of the Short Courses will feature guest speakers at the noon banquets. Look for a copy of your Short Course program in the mail or get one at this office.

TREE ORDERS—
This year's tree orders will be cut off on Jan. 31, 1967. Be sure your order is in by that date.

Gladys McLeod will canvass the merchants in Barons, Mrs. Sisson and Mrs. Miller in Champion and Mrs. Ethel Nelson and Mrs. Helen Hubka in Carmangay. A special wording for the centennial would be engraved on the silver baby cup donated by the auxiliary. The secretary will order more birth and medical record books to present to new mothers in the Little Bow Hospital.

A notice of meeting date was changed and meetings will be the second Tuesday of the month. Mrs. Lawson of Champion kindly invited the ladies to her home on March 14. A beautiful luncheon cloth embroidered in cross stitch in a star design was shown by Mrs. Sissons. The members were delighted at this so Mrs. Sissons offered to make one of these with an apron to match to be raffled at the hospital day tea in May.

Mrs. Gretta Soderquist won the raffle. A delicious lunch was served by hostesses Ethel Nelson and Olive Soderquist.

THE HOMEMAKER

MISS FRANCES ANN CULLEN
District Home Economist
Box 480, Vulcan — Phone 485-2117

Dear Homemaker,

SOAPS AND DETERGENTS

Soap is made by the simple process of combining fats or oils with lye. Synthetic detergents (syndets) are made by a rather complex chemical process from fats and oils or from a by-product of petroleum plus other products. In addition to the basic ingredients, some heavy-duty soaps and some heavy-duty syndets contain builders and other chemicals which may (1) increase cleaning ability, (2) increase sudsing ability, (3) make clothes appear whiter and brighter, (4) prevent soil loosened by washing from settling on the fabric, (5) act as a water softener.

The amount of soap or syndet to be used depends on many factors so follow the directions for use on the package. It may be necessary to experiment with different amounts until you get the right result. Then, measure this amount each time.

Compare prices of the various brands as the cost of detergent varies greatly.

When wash water has been properly conditioned, add one-half the

amount of detergent normally used. Two questions may arise at this point: "But don't detergents contain a percentage of water softener in them? Doesn't this then make use of water conditioners unnecessary?" The answers are yes and no.

Yes, the packaged detergents do contain a certain amount of water softeners mixed in with all the other ingredients.

No, this does not make use of a packaged water conditioner unnecessary. Here's why:

Tests in the laundry laboratories indicate that water softeners are present in packaged detergents only in sufficient volume to handle water hardness of 4 to 6 grains per gallon in the dosage amounts per washer load as recommended by the detergent manufacturers. For harder waters, the manufacturers recommend the addition of an extra one-half to one and one-half cups of detergent. The purpose is to add more water softener to take care of the additional hardness. It must be pointed out, however, that unneeded amounts of all the other ingredients in the detergent are being added along with the water softener. The conclusion is obvious:

EACH PRODUCT MUST BE USED TO DO THE SPECIFIC JOB FOR WHICH IT IS INTENDED!

A detergent is a cleaning agent. Its purpose is to remove soil from clothing and other washables. A water conditioner has its specific place in laundering. Its job is to tie up hardness minerals to prevent them from combining with soil and detergent to form washing film. In wash water, water softener makes it possible to reduce the amount of detergent normally used. In the first or deep rinse, it suspends soil, removes detergent, and prevents washing film from depositing on clothes.

SCOTTISH ACCENT. Scottish singer-accordionist Johnny Forrester is the new face on Don Messer's Jubilee, the popular "down-east" music show seen Mondays on CBC Television. Johnny, who comes from Carlisle, near Glasgow, collects old Scottish songs, many of which are on three Long-Play albums.

Homework

No student, regardless of whether he is enrolled in a Diploma or a Matriculation program, can hope to master the content of the courses or compete successfully in school and government examinations without doing a substantial amount of home study. In Grade Nine one and one-half hours are required for five nights a week and this increases to three hours for those enrolled in the complete Grade 12 program. Students who have difficulty learning in school and students who have heavy course loads will require longer schedules of time at home study. Their only other alternative is to revise the number of courses to adjust to the time they have available.

Students who are really trying in school and who are spending this amount of time on homework deserve the encouragement and understanding of both teachers and parents. Parents can contribute much to their success by seeing that they have a quiet place to study, good lighting and enough sleep. School is a full time job and parents should consider the matter seriously before allowing students to accept jobs to earn money.

Homework consists of doing regular assignments, note-making, reading, and doing a systematic review whether it is assigned or not. Teachers have a responsibility to see that the student has a clear idea of what his assignment is before he leaves the class and the student has a responsibility to do his work effectively and efficiently on his own initiative.

The habit of studying on one's own must be developed early in the educational experience of a student if he is to learn to be self-reliant. The student who develops this trait will not follow the crowd but will make up his own mind. As parents, we realize that the modern world is making increasing demands on our youngsters and the road to success is not an easy one. The challenge of the modern high school is a stiff one and parents have an equal, if not greater, challenge in seeing that they have done their part in providing support, encouragement and, if necessary, the discipline to enable students to achieve success.

Double-ring Ceremony For R. Parslow

Valleyview United Church was the scene of a late afternoon double-ring ceremony, when Miss Charlene Carol Ross, daughter of Mr. and Mrs. A. G. Ross was given in marriage by her father, to Errol Robert Parslow, son of a Mrs. Annabel Parslow of Calgary, and Robert Parslow of Vulcan. Vows were exchanged at 5:00 p.m., on Nov. 26 with Rev. Beal officiating at the ceremony.

Mrs. Olga Wallace played the wedding music. The bride was attired in a full-length bridal gown of white lace over net, featuring hoop skirt styling. The bodice of her gown was fitted, and scalloped at the neckline and set off with tiny silver sequins. The sleeves were lily-point. Tiers of scalloped lace complemented the back styling of her gown. She wore a bouffant veil caught at the crown with delustered satin leaves and tiny crystal droplets. Charlene's prayer book was topped with red roses, and cascading white ribbons and sweetheart buds.

Lifelong friends of the bride were attendants; Marge Shannon was matron of honour, and Miss Anne Wallace as bridesmaid. They were identically attired in floor length gowns of orange ice, with fitted bodices and scoop necklines, the back of the gowns showed full length trains attached with a bow where the neckline formed a square. They carried bouquets of white carnations with orange ice ribbons. Orange ice bandeaus and veiling completed their headdress.

Kristine, only sister of the bride, was attired in a short knee length gown of the same colour as the other bridal attendants. She carried a crocheted basket of mixed flowers.

Groomsmen were Bill Woodman of Calgary and Gerry Shannon of Whitecourt.

Scott, younger brother of the bride, carried the rings on a satin pillow of lace over orange ice.

Mother of the bride Mrs. A. Ross received guests in a two-piece ensemble of patterned moss green and gold brocade. Her accessories were gold.

The groom's mother was attired in a two-piece sea blue wool suit, with turban styled hat of the same

colour. Her accessories were black, and her corsage was pink and white carnations.

The bride's table was flanked with a three-tiered wedding cake; white with pink roses, and swans topped with wedding bells and pink net. The cake was decorated by the bride's mother.

Master of ceremonies was Ralph (Red) Hofferd. Dale Wine toasted the bride. Pat Lawless, also a

friend of the family, gave another toast to the bride.

A dance followed the reception. The bride returned with her groom at midnight to bid her guests goodbye. She wore a two-piece jade green double knit suit, with white accessories, and white carnations on corsage.

Former Vulcan Girl Weds At Coast

Oakridge Church of Christ, Vancouver, B.C., was the setting of a lovely autumn wedding on Saturday, Oct. 1, 1966, when Rae Louise, elder daughter of Mr. and Mrs. Alfred Ullly of North Burnaby, B.C., formerly of Vulcan, Alta., was united in marriage to Donald Charles Ross, elder son of Mr. and Mrs. Donald Anderson, Sr. of Richmond, B.C., formerly of Honolulu, Hawaii. Reverend Daniel Claire Marshall officiated at the double-ring ceremony.

Baskets of colored mixed flowers arranged in tall urns decorated the altar. The bride entered the church on the arm of her father to the singing of "The Wedding March." Her floor-length gown of chantilly lace featured a chapel train, sweeping from the shoulder. Her double-tier veil appliqued with motifs of matching lace was held in place by a headdress of white organza roses. Her bouquet of mauve orchids was surrounded by miniature white mums, ending in a single cascade. She wore a tiny gold watch and a single strand of cultured pearls, gifts of the groom.

Preceding the bride was her sister, Miss Nita Ullly, as bridesmaid and Miss Margaret Anderson, sister of the groom, as maid of honor. They wore identical floor-length gowns of midnight-blue velvet and satin. Nosegays of tiny blue flowers nestled in their hair. They carried bouquets of pink and white mums ending in double cascades of pink satin streamers.

The tiny flower girl was Marcy Traversy, second cousin of the groom. She wore a floor-length midnight blue velvet and satin gown matching those of the attendants. Blue flowers entwined her hair and she carried a basket of miniature pink mums.

James Anderson, brother of the groom, acted as best man and guests were ushered to their places by Larry Brittan and Frank Lote, cousins of the groom. Ross Hellman,

nephew of the groom was ring-bearer and carried the matching wedding bands on a white satin pillow.

Following the ceremony a reception, attended by 135 guests was held at the Hallmark Imperial Room in Vancouver. Receiving with the bridal couple were the parents of both the bride and groom.

The bride's mother chose a burgundy two-piece lace suit with matching accessories. Her corsage was of tiny pink rosebuds. The groom's mother chose blue lace, and a fur stole completed her ensemble. Her corsage was of tiny yellow roses.

Three grandmothers present, Mrs. Leah Ullly of Picture Butte, Alberta, grandmother of the bride; Mrs. Margaret Anderson of Surrey, and Mrs. Elsie Ross of Richmond, both grandmothers of the groom were all honored with corsages.

Miss Betty Brittan, cousin of the groom was in charge of the guest book.

The bride's table was centered with a beautifully decorated three-tier wedding cake, topped by a miniature bridal couple. Vases of red and white carnations decorated the bride's table.

Master of ceremonies was Richard Oulton of Vancouver. Toast to the bride was given by Arthur Binder of Turin, Alberta, uncle of the bride, to which the groom responded. Toast to the bridesmaids was given by James Anderson, responded to by Larry Brittan.

Dancing and a social evening followed the reception.

Out-of-town guests from Alberta, Vancouver Island and the U.S.A., attended.

For their honeymoon trip to San Francisco, San Diego, Los Angeles, and Los Vegas, the bride changed

to a green two-piece wool tweed ensemble, in intermingled neutral tones, with matching hat and black accessories and wore a mauve orchid corsage.

The newlyweds are making their home in the city.
